

Mobile Medical Response EMS Careers Scholarship Application

Mobile Medical Response (MMR) is seeking energetic and compassionate individuals with the desire to help others and serve their community. MMR is Michigan's largest geographical provider of Emergency Medical Services and has established scholarship programs for qualified individuals seeking to become EMS professionals. Scholarships provide funding for the Emergency Medical Technician (EMT) training program.

Training programs fully prepare students to challenge the EMT National Registry exam and obtain their EMT license. Successful candidates are eligible and encouraged to apply for employment with MMR and become part of a team providing high quality pre-hospital care and medical transportation to the communities we serve. EMT's working for MMR are eligible for an additional scholarship for the paramedic training program.

EMT and Paramedic training programs are offered in Saginaw and Mt. Pleasant. Courses start each year in August, May and January. Scholarships cover the cost of tuition and uniforms (\$1,400 value). Students are responsible for purchasing books and program testing fees (approx \$500).

Eligibility, academic requirements, application process and personal information to be included are contained on the following pages. Candidates MUST submit an essay and participate in an interview with the MMR selection committee.

Learn more about EMT and Paramedic education at mobilemedical.org/ems-education.

A lifesaving career is waiting for you.

MMR is ready to invest in your future. Scholarships are awarded to individuals committed to long term careers in EMS and the healthcare industry.

Learn more at mobilemedical.org.
